Tuesday, 04 February 2020

Dear Parent/Carers,

Today we have shared a website with your child. This website is an educational trivia game, supported by the United Nations World Food programme, whereby every correct answer generates money towards WFP's operations and mission to end hunger worldwide.

It is free to play and includes a range of categories such as languages, science, maths, humanities and geography with a number of different levels.

This is a fun educational tool that introduces Global development Goals and raises awareness on the Global issue of hunger. So far, the game has raised more than 202 billion grains of rice and has around 600,000 monthly users from across the world.

The website is – www.freerice.com

Your child would need an adult to create an account for them. This allows your child to see how much rice they have raised. We would encourage your child to bring their achievements into our celebration worship on a Friday.

Any questions, please do not hesitate to contact me.

Thank you for your continuing support.

Miss Fox

Garton on the Wolds Primary School is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment
